The Honorable Frank LoBiondo
2427 Rayburn House Office Bldg.
Washington, DC 20515
Fax: 202-225-3318

Dear Congressman LoBiondo:

I am writing to request your support of \$7.0 million in funding for the Air Force's Distributed Mission Interoperability Toolkit (DMIT) program. Successful execution of today's complex military missions relies heavily on the ability to share real-time information in a joint operational environment. This services-based architecture is critical to supporting joint and coalition missions/exercises that require rapid event staging, complex security levels, and involvement of diverse participants. To date, DMIT has already begun joint integration of time-critical-targeting within the Air Force, Army, and Navy. These additional funds will enable DMIT to be extended to joint and coalition requirements to address new demands without major impact to existing demands.

Supporting DMIT will help address the C4I needs of the warfighter in the short and long-term. Your support would be greatly appreciated.

Sincerely,

A handwritten signature in dark ink, appearing to read "William P. Loftus". The signature is fluid and stylized, with a long horizontal stroke extending to the right.
